## *Our Story*

We have been providing exclusive private label and global boutique wines for 30 years to restaurants, businesses and for private events in Southern California.

Our private label wines are easy drinking, New World style wines, with a touch of fruit. You can drink them on the patio without pairing them with food or you can pair them with your favorite gourmet meal.

Everybody loves to commemorate their special event by giving wine gifts to friends, family and customers. We can feature your own name, picture, logo, or themed idea.

Why use someone else's wine when you can promote your own business or family name that is unique to you? Please allow Bartoletti's Best to assist you with your designs and great drinking wine!

## *Other suggestions for private label wines:*

- Birthdays
- Anniversaries
- Holidays
- Weddings
- Family Reunions
- Corporate Events
- Grand Openings
- Business & Personal Gifts
